PROFESSIONAL SUMMARY

Third-year CS & AI student at Murdoch University Dubai experienced in Python software development, multi-agent AI systems, and automation pipelines. Co-author of accepted research presented at ITT 2026 (HCT Dubai); seeking technical internships or junior developer roles.

EDUCATION

Murdoch University Dubai | *BSc in Computer Science & Artificial Intelligence* — **Coursework Completion: April 2027** *(Dubai, UAE)*

- Core focus: Data Structures, Artificial Intelligence, Database Systems, Machine Learning Foundations, OOP. Coursework wraps April 2027; degree conferral mid-2027.

GEMS Millennium School | *Senior Secondary (CBSE) | Computer Science & Multimedia* — **Graduated: 2023** *(Sharjah, UAE)*

- Foundational coursework in algorithmic problem solving, software logic, and digital media.

RESEARCH & CONFERENCE PUBLICATIONS

Adaptive Multi-Agent Framework for Personalised Learning Support | *Co-Author & Presenter* — **Presented: Oct 2026** *(HCT Dubai)*

- Co-authored and presented peer-reviewed research at ITT 2026 (Higher Colleges of Technology); engineered a modular multi-agent system coordinating specialized LLMs for personalized pedagogical feedback.

TECHNICAL SKILLS

- **Languages:** Python, C, C++, Java, Assembly, JavaScript, SQL, MicroPython, HTML/CSS.
- **Frameworks & AI:** OpenCV, MediaPipe, Flet, Asyncio & Threading, PyTorch, Multi-Agent LLMs.
- **Tools & Data:** Git, GitHub (Bluwarrior / FXcodez), VS Code, Linux/CLI, SQLite, Pandas, REST APIs.

FEATURED TECHNICAL PROJECTS

FXsonic – High-Performance Audio Processing Engine | *Python, Audio DSP | FXcodez* — **2025 – Present** *(github.com/FXcodez/FXsonic)*

- Engineered modular Python routines in the FXcodez open-source repository for batch audio normalization, format conversion, and real-time DSP filtering.

FXbatch – Automated Batch Workflow Execution Engine | *Python, Automation | FXcodez* — **2025 – Present** *(github.com/FXcodez/FXbatch)*

- Developed core batch automation logic streamlining multi-file transformations, with robust exception handling, data integrity validation, and custom CLI parameters.

→ Full codebases & additional projects (Hearth AI Telemetry, Breachpoint CTF, HandFlow Engine) on e-portfolio via QR.

PROFESSIONAL & OPERATIONAL EXPERIENCE

Technical Logistics & Operations Assistant | *FX Designz* — **2023 – Present** *(Dubai / Sharjah, UAE)*

- Directing on-site audiovisual engineering, signal routing, and media playback; resolving live hardware/software faults under strict production schedules to maintain continuous uptime.
- Interfacing directly with corporate clients to capture technical staging requirements and oversee setup logistics.
